

RESOLVED STELLAR POPULATION MODELING

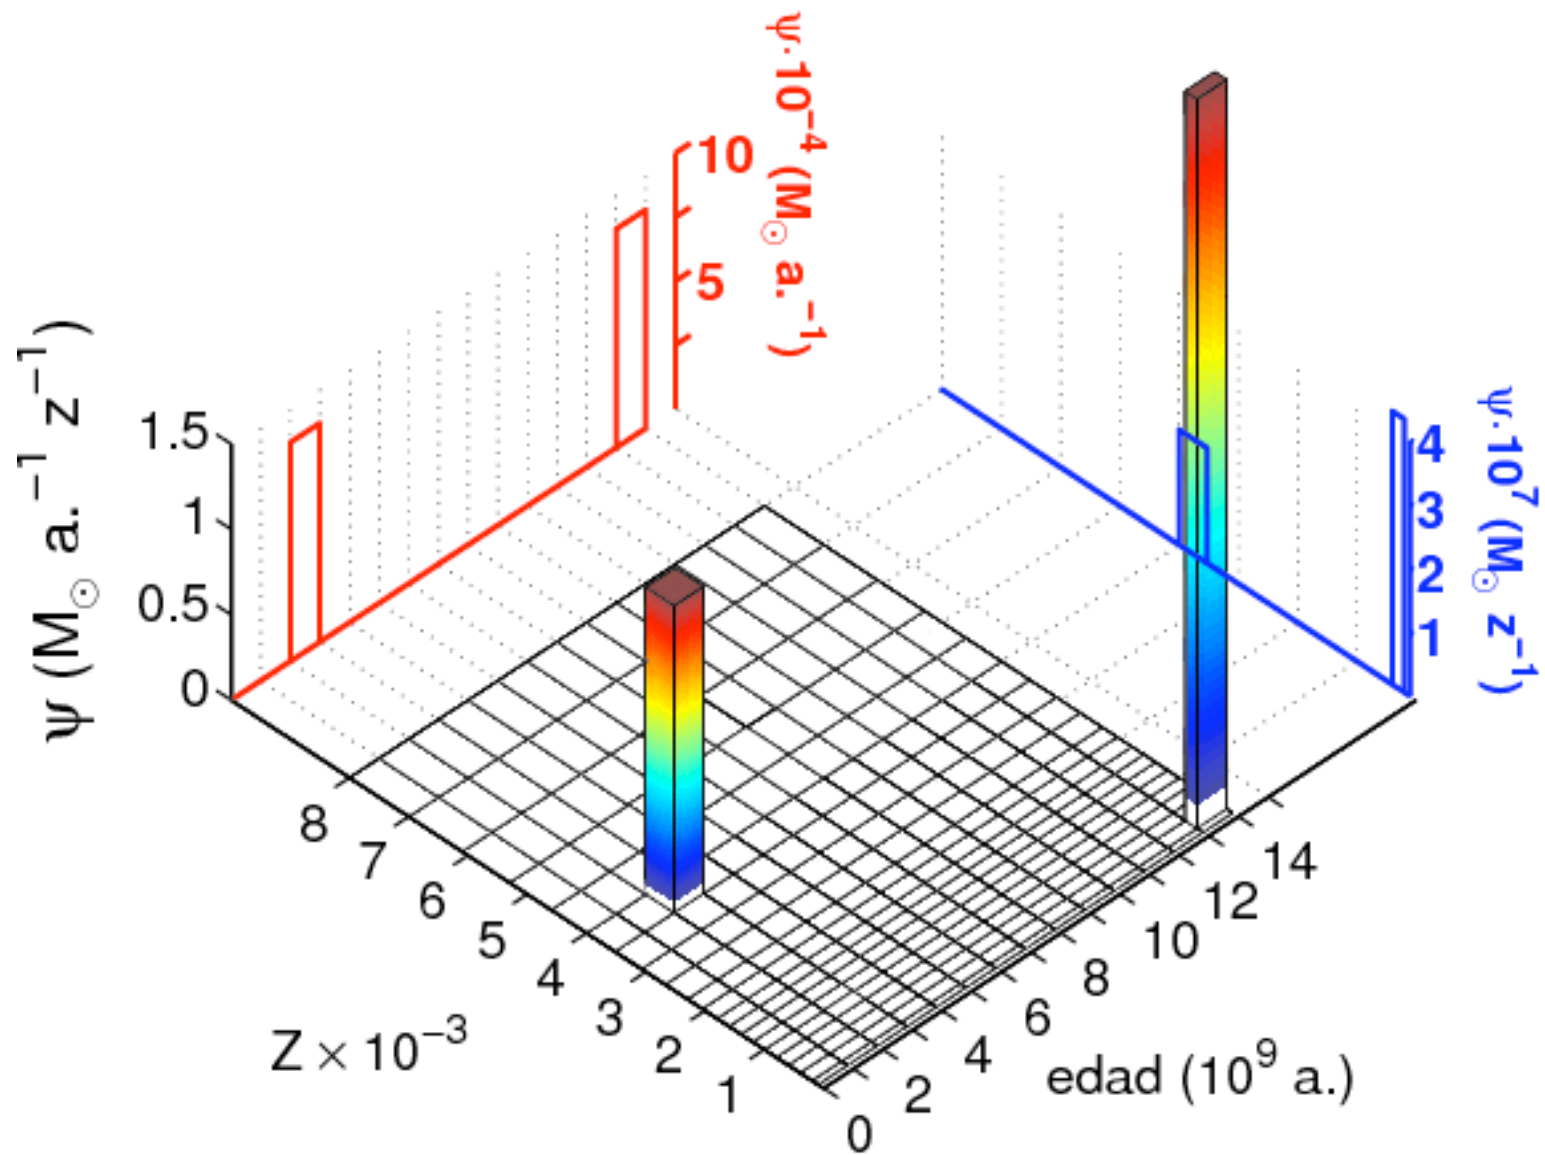

CASE OF TWO SHARP BURSTS

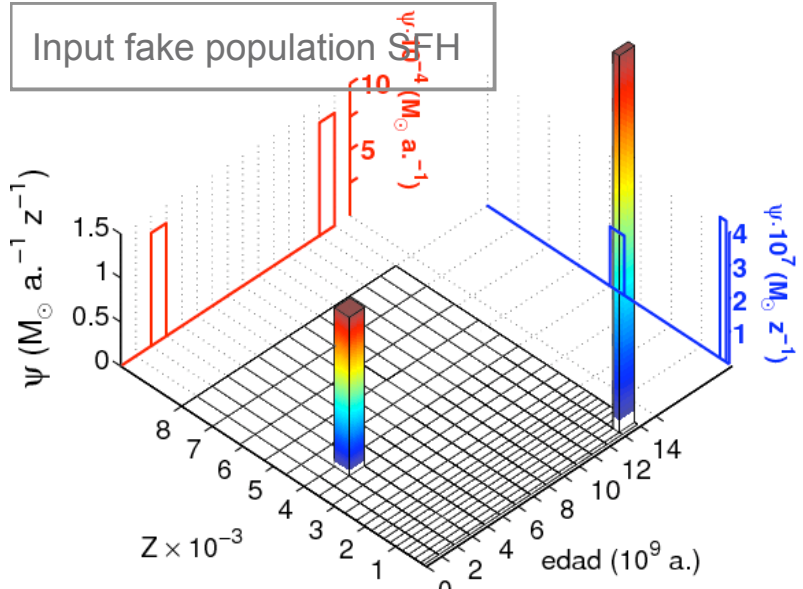

Sebastián Hidalgo
Carme Gallart
Santi Cassisi
Antonio Aparicio

University of La Laguna and
Instituto de Astrofísica de Canarias
La Laguna, Tenerife, Spain

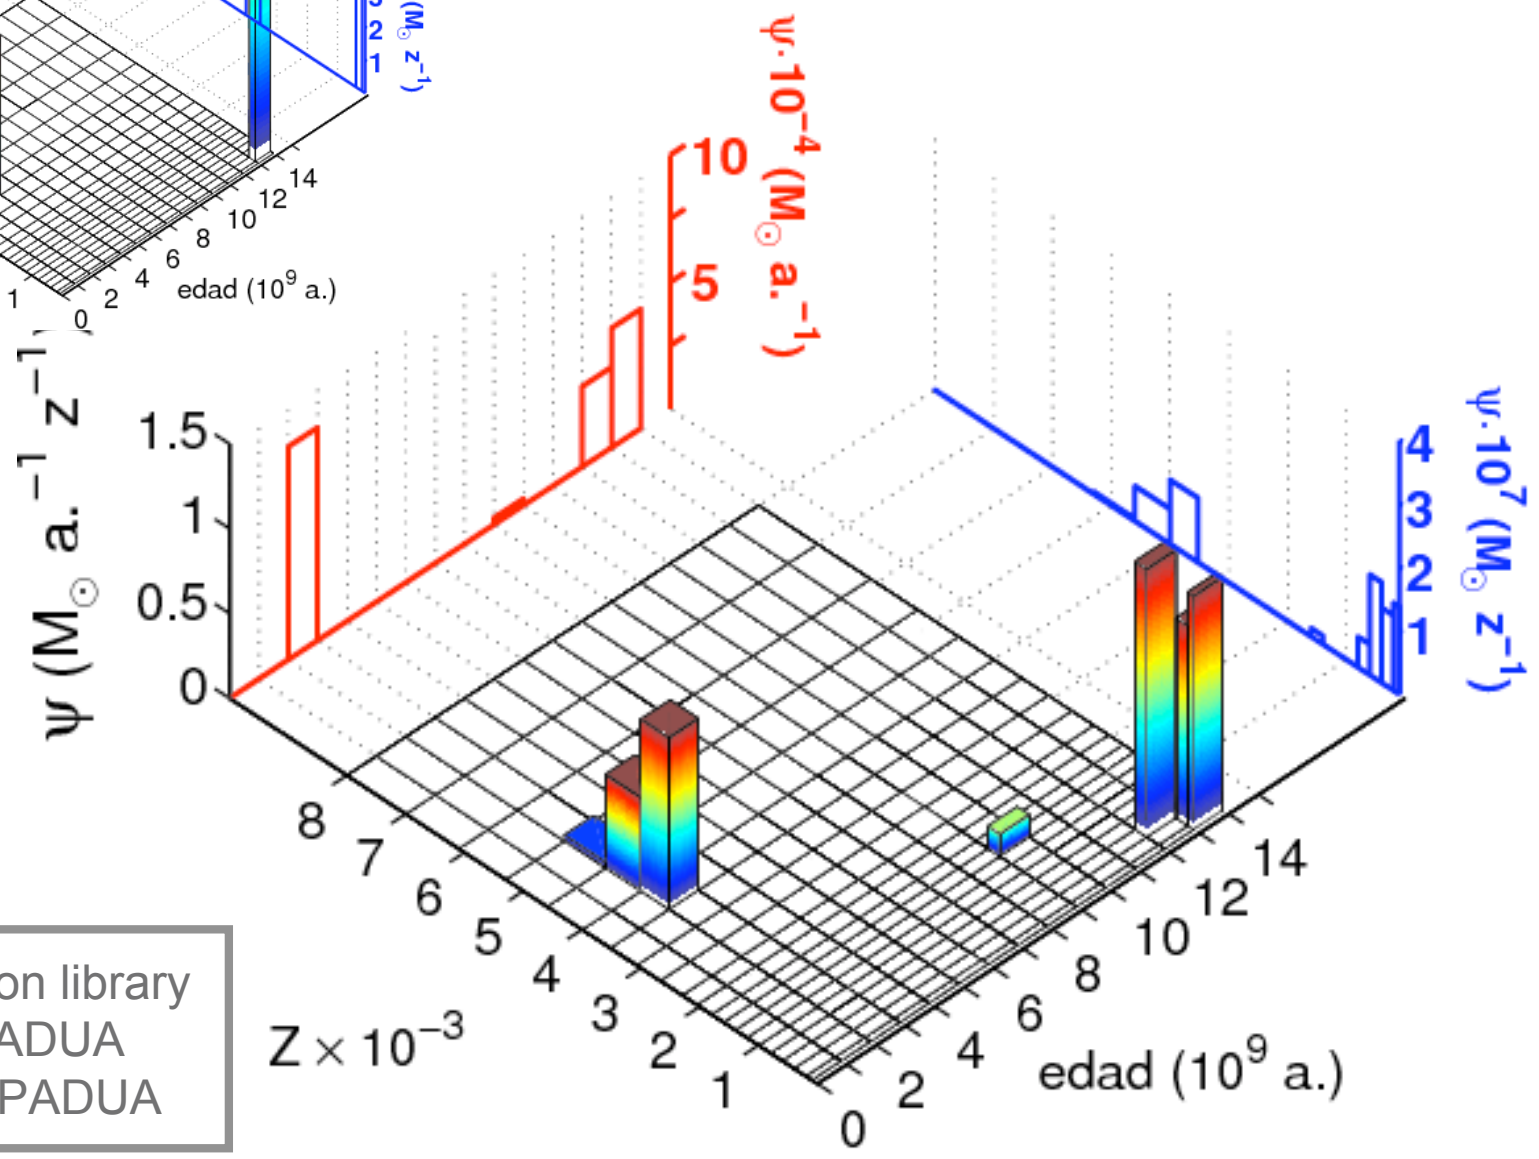

Two burst
Fake stellar population

Input fake population SFH

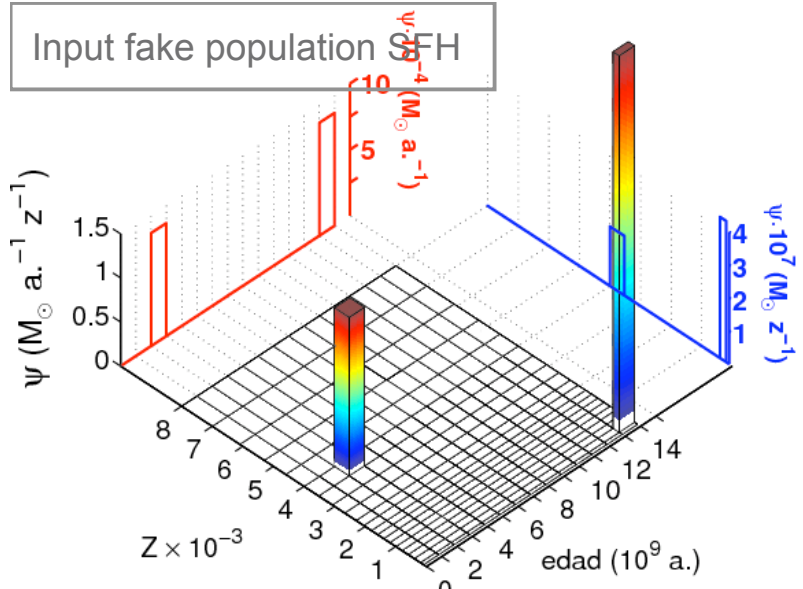

SFH solution for BOXES and same stellar evolution libraries

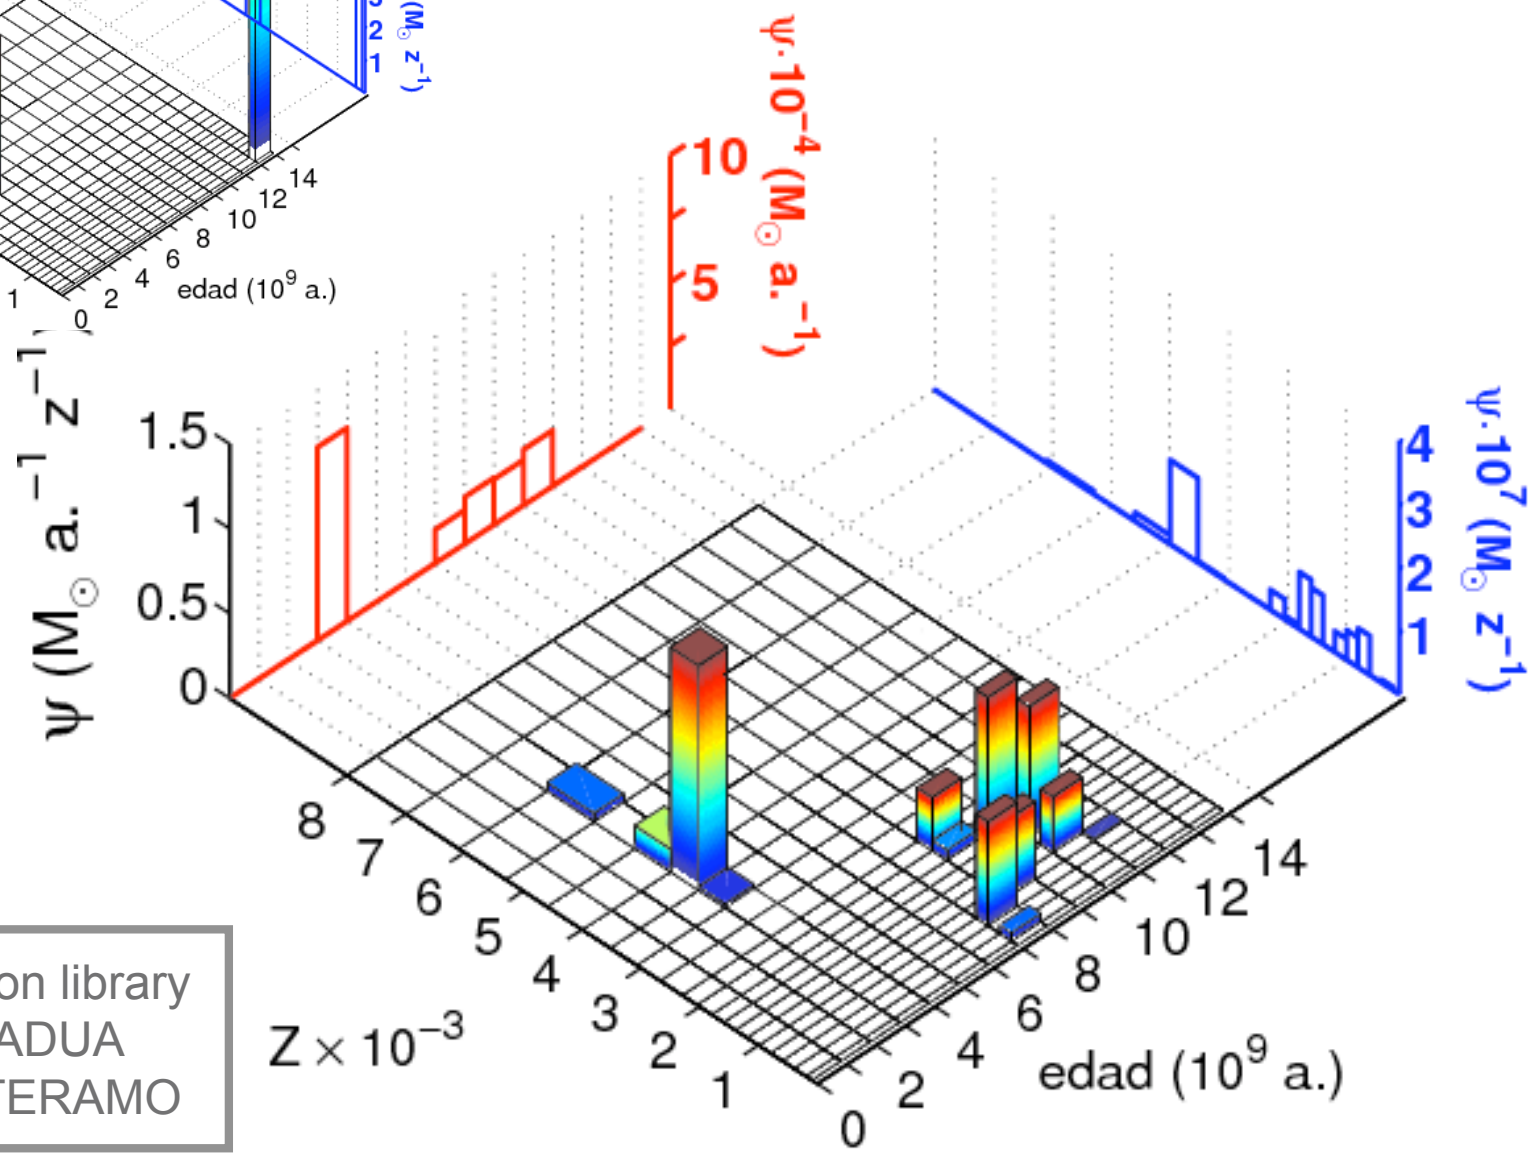

Stellar evolution library
for fake: PADUA
for solution: PADUA

Input fake population SFH

SFH solution for BOXES and different stellar evolution libraries

Stellar evolution library
for fake: PADUA
for solution: TERAMO
